*Critical News and Social Networking Update*

**A “Missing Scientific Truth” is Successfully Applied and Available**

January 12, 2021

## Introduction

On December 2, 2020 the Secretary-General of the United Nations announced that we must stop our suicidal war with Nature. The following information will help you and your work, join the United Nations ceasefire so our trespasses and disorders will subside. Please share this evidence with those who will appreciate it and let us know how we can help you implement it.

**TRUST UNADULTERATED TRUTH** Because it is scientifically accurate that you are reading these words right now, it is true that you exist and are as alive as nature’s plant, animal, and mineral web-of-life that includes you and me. This is the same factual way of knowing and relating to the world that sustains our amazing, but excessive, technological way of life, from sub-atomics to computers, rockets and beyond. To our loss, we apply our wonderful science in corrupt and warlike ways that short circuit it. This makes the life of our world painfully break apart as we abuse it around, in and as us.

## **UN Secretary General Alerted to the Scientific Remedy for our Climate Crisis War Against Nature and Humanity.**

1/10/21 San Juan Island, WA: In his searing [December 2, 2020 indictment](#), Antonio Guterres, Secretary-General of the United Nations, acknowledged the dangerous issue originally identified in a declaration that Project NatureConnect(PNC) submitted to the UN in 1984. Then operating as the National Audubon Society Expedition Institute, PNC avowed that contemporary society was waging a suicidal lie and war against the life of Nature, a conflict that PNC director, Michael J. Cohen, Ed.D., Ph.D. disclosed in his 1982 book *Prejudice Against Nature*.

Today, 37 years later, Guterres has also recognized humanity's prejudicial war against Nature and insists that we, "Prioritize, reconcile and ceasefire;" "We must make peace with nature;" "The state of the planet is broken."

Our prejudice and war against Nature is based on a flagrant "Nature is not alive" lie that we hold about the natural world. Its practice breaches the UN's and USA's declared human rights to life because Nature's life is our life. What happens to it happens to us.

It is a prejudicial falsehood that our planet is not alive and any untruth about Nature usually results in major consequences. They are injured Nature reacting to its mistreatment.

([www.ecopsych.com/zombie2.html](http://www.ecopsych.com/zombie2.html))

Sadly, Guterres's recommended "green plans" for global goodwill and recovery fail to include the application of PNC's critical living planet [Climate Therapy](#) remedy for our society's deceitful prejudice against Nature's life around, in and as us. Armed with our advanced technologies, our prejudice, in denial, continues to cause and intensify the War.

As a preventative and treatment for this conflict, Climate Therapy enables anybody to create trustable truth, 54/felt-sense moments in natural areas. These periods make space for Nature itself to compost, recycle and heal our trespasses and their injurious effects on the environment and us.

The unifying contacts produced by Climate Therapy help anybody transform our disorders, wars and lies into constructive personal and global recovery.

Climate Therapy stops our dangerous misinformation that increasingly makes the world break apart. Its truth reduces costs and corruption as its self-correcting and transformative powers increase justice along with personal, social and environmental well-being.

PNC has petitioned, "Please don't be biased, Mr. Secretary General, invoke Climate Therapy now. Nature's life knows best and bats last, as global warming demonstrates."

"Michael Cohen's work fulfills our personal and economic needs, deeper ideals and spirit. Its self-guiding materials and courses deserve the attention of every person who seeks to reverse our troubles."

THE CONTENT OF AN OPEN LETTER TO ANTONIO GUTERRES

## **A Project NatureConnect Petition to UN Chief, Antonio Guterres**

To: Antonio Guterres, United Nations Secretary-General

Dear Secretary-General Guterres,

Thank you for you identifying our war against Nature along with your scorching plea for well-being on Earth through peace with the natural world. In appreciation, I would like to contribute and warranty that to succeed, your efforts must include Climate Therapy's *Great Trustable Truth* (GTT). Its 54/felt-sense process works because it scientifically creates and supports organic life around, in and as us.

([www.ApplyClimateTherapy.com](http://www.ApplyClimateTherapy.com))

Our GTT is the antidote for our prejudiced against Nature lies that produce and sustain our war on Nature.

Please note that in 1984 I personally shared my GTT remedy with Dr. Noel Brown at UNEP and alerted him to my book *Prejudice Against Nature* that explains its remedy. In addition, I asked the UN to officially "declare we are at war with Nature," so that this conflict was no secret and we could begin to stop it. The UN and UNEP have not responded to this request until you have, now, in your speech.

Meanwhile, the war and its consequences have intensified by 75% in the last 36 years.

As you explore Climate Therapy and your GTT do you think that I am so scientifically, 54/felt-sense skilled and intimate with Nature that the UN is prejudiced against me?

The misinformation generated by our prejudice against Nature speaks for itself as, by omitting its GTT, it fatally injures our life supportive relationships with our planet mother and each other.

What we must do immediately is stop our lies by applying Climate Therapy's globally authentic **Great Trustable Truth (GTT)** everywhere. It reduces costs and benefits economics as its self-correcting powers increase personal, social and environmental well-being.

Our GTT only knows how to unify and balance interactions so they transform into just and fair relationships. It is a powerful, presently missing tool that peacefully aids abused, oppressed or neglected people, places and things. This has proven to reduce our battles with our environment and each other.

The core cause of our war against Nature, including people's inner nature, is that we have learned to disregard the **Greatest Truth** in our life that we can **Trust (GTT)** and it is not Nature, God, Love or Honesty.

Mr. Secretary-General, do you know what your/our Greatest Trustable Truth (GTT) is?

Only you can help the United Nations and others learn how to inject into the world the "GTT vaccine" for our nature-bigoted, warring relationships and technologies. This is crucial. The life of our planet today [is 50% unable](#) to recover from our war against it, and counting.

Nature's life is our life, what happens to it happens to us.

The culmination of all human knowledge to this moment, without GTT, continues to create catastrophes while the UN's prejudice continues to negligently omit the war's GTT solution. This is a flagrant breach of the UN's declared human rights to life.

Please don't continue to let the UN be biased against GTT, Mr. Secretary General. Your influence can help the world invoke Climate Therapy GTT. It works because Nature knows best and bats last. Nature is the fountainhead of authority in how its intelligence peacefully produces its unified purity and balanced perfection.

"Michael Cohen's work fulfills our personal and economic needs, deeper ideals and spirit. Its self-guiding materials and courses deserve the attention of every person who seeks to reverse our troubles."

Former Assistant Secretary General of the United Nations,  
Recipient UNESCO Prize for Peace

Mr. Secretary General, your Greatest Trustable Truth can help you and others stop our suicidal battle against Nature that is breaking apart the world.

By courageously being and sharing your 54/felt-sense GTT you can happily improve things because, when liberated, our inborn love of GTT creates universal peace and justice.

The organic facts, truth, and science of authentic Nature matter if we are to heal our fractured souls. Can we find unity if we disregard the underlying rupture our biased thinking has created in Nature's spiritual foundations, around, in and as us?

Because we have not identified and invoked our GTT, all the knowledge in the world has scientifically culminated in today's high-tech prejudice against Nature being a weapon of mass destruction. Climate Therapy GTT is its antidote.

We are educated to live in the war zone that our mentality creates because, internationally, Higher Education refuses to teach us how to apply our GTT. You should add our GTT all the other beneficial things you suggest. You can help UNESCO and the University for Peace include it and teach other institutions to do the same.

Please apply and promote GTT via [www.ApplyClimateTherapy.com](http://www.ApplyClimateTherapy.com). Better still call me at 360-378-6313 and we can activate many inexpensive ways and means to beneficially invoke it, locally and globally.

I thank you for your consideration of this momentous matter. Your promotion of GTT will help folks everywhere joyfully awaken and energize their natural love of their greatest trustable truth.

With complete faith in *the undeniable GTT fact that you are reading these words right while they are hiding your GTT from you*, I look forward to hearing from you. Together, let's put GTT power to work.

For Reasonable Passion,
